(c) The advisory committee shall seek input through the establishment of subcommittees or other methods from persons with expertise in the following areas: early learning quality improvement systems in use nationwide; early care and education, including representatives from the higher education segments, the Commission on Teacher Credentialing, and administrators, caregivers, and teachers from both the public and private sectors; K-12 public school teachers; English language development, including primary and secondary language acquisition; education and care of children with exceptional needs and disabilities; infant

(L) Data collection and methods to support continuous quality improvement.

(M) Program management and leadership.

(3) The development of a funding model aligned with the quality rating scale for child care and development programs that serve children from birth to five years of age, inclusive, including preschool.

(b) The advisory committee shall meet no less frequently than each quarter per year, at the call of the chairperson, at a time and location convenient to the public, as the chairperson deems appropriate. All meetings shall be open to the public in accordance with Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code. Once a draft report of the final report is complete, the advisory committee shall conduct no less than four public hearings in different parts of the state to ensure that the advisory committee obtains meaningful public input prior to submitting its report to the Governor and the Legislature.

8302. No General Fund expenditures shall be required to fund the work of the advisory committee. The advisory committee shall be established only after the Superintendent applies to and obtains funds from the California Children and Families Commission or other sources.
